ACADEMIC SESSION : 2022-23

MESSAGE FROM THE VICE-CHANCELLOR

It is a matter of immense pleasure for me to announce that we have started the process of admission for the session 2022-23. Mahapurusha Srimanta Sankaradeva Viswavidyalaya (MSSV) during last eight years has made considerable progress to create an impression in the mind of the people of Assam & North-East. In view of the interest shown by the students of North-East to pursue their career in this University, we have introduced new programmes from time to time and this year is also not an exception. We are going to introduce eight different programmes for the current year. Out of these programmes B.Sc. (Digital Forensics & Cyber Security) is being introduced for the first time in North-East India and BA (Public Administration & Governance) is being introduced for the first time in Assam. The latter programme is aimed at making students eligible for civil services examinations along with the usual University degree. This programme will be mentored by an IAS Officer of high repute. I sincerely believe that new programmes will help the students to confront emerging challenges in the employment market. NEP 2020 requires new approaches which include industry linkage, interdisciplinary approach, modular structure for interim exit etc. to make higher education universal and effective. This University has adopted most of the provisions & NEP 2020 in letter & spirit. We are also contemplating to introduce dual degree provisions in our programmes from the current year. I believe students aspiring to pursue their education in this University will be greatly benefitted. I assure those who intend to pursue their career in this University, to extend all possible support to fulfil their aspirations.

To carry out its mission of quality research work, the University has already launched a Centre for North East Studies which is solely dedicated to scholastic and research based works on unexplored aspects of this crucial geo-political region of the world. It has been resolved that this University would try its best to highlight North East as its focal academic area and the centre is one of these attempts to turn the vision into a reality. The Centre aims to initiate authentic research on the cultural diversity, unique traditions, traditional knowledge system and socio-political happenings of the regions in the form of academic symposia, seminars, publications, workshops, field studies to name a few. The University publishes a biannual research journal, a university magazine, departmental magazines, newsletters and occasional papers by the faculty members of the University. The Central Library of the University has almost twenty thousand books along with a good number of research journals, periodicals and newspapers. The library also provides e-resources through the resources of National Digital Library. Keeping in mind the social responsibility to be fulfilled by a higher educational institution, the University is in the process of adopting the Bengenaati Das Gaon, a village in the district of Nagaon, for promoting it as a model village.
